

Ahmet Kilinc

Full Stack Developer

A goal-oriented full stack developer who brings strong commitment to collaboration and problem solving. With over 5 years of practical experience, this has enabled me to deliver high standard user experience, usability and speed. Skills in designing, developing and implementing web applications in a range of programming languages and technologies has been crucial to my success. Furthermore, I am seeking to gain a broader experience and technical expertise in a challenging role as a full stack developer.
